SUPERINTENDENT'S REPORT Office of the Superintendent for November 23, 2017

Rimbey Junior/Senior High School Modernization Update

Senior administration has been engaged in recent conversations with Alberta Education -Capital Planning Branch officials to move the Career and Technology Studies (CTS) portion of a school modernization forward. A formal letter has been submitted requesting permission to utilize Infrastructure Maintenance Renewal (IMR) funds in addition to creating a partnership with the Canadian Welding Association - Foundation to generate additional capital and equipment funding. A response from the Minister of Education is expected in the coming weeks regarding Wolf Creek's application.

Inclusive Education Meeting with Alberta Education

On November 9, 2017, Superintendent Jayson Lovell, Assistant Superintendent Amber Hester, and Director Lana Nogue, met with two Alberta Education representatives to discuss Wolf Creek's current challenges, successes and needs relating to our Inclusive Education profile. In this meeting a detailed overview was shared outlining how Wolf Creek supports diverse learners, including data on the number of students, costs to provide services, and current challenges. A key focus was outlining concerns on the sustainability of the current funding framework since the Board is currently providing \$5,929,994 in supplemental funding over and above the targeted funds provided by Alberta Education. A commitment was made by Alberta Education to share and discuss the information provided.

School Literacy Planning & Data Reviews

Learning Services team members continue to work side-by-side with a variety of school principals in reviewing their school literacy and achievement data to plan supports and interventions. In several schools this involves meeting with individual teams of teachers as well as school leaders to interpret data trends and design specific literacy supports as part of the school ACE plans.

Classroom Improvement Funds (CIF) Support LLI Expansion

Approximately \$54,000.00 of CIF grant dollars were utilized this month after consultation with school principals in expanding Leveled Literacy Intervention (LLI) kits across 15 schools in WCPS. These kits come at an opportune time for expansion of LLI programs after recent training that was arranged for 45 additional WCPS teachers in October and November. Schools are excited to put these resources to work to address student literacy interventions.

Bright Futures Play Academy Hosts Parent Literacy Sessions

On November 17, pre-kindergarten teachers across six Wolf Creek communities hosted parent sessions with Family Oriented Programs (FOP) that focused on establishing strong home literacy activities. Teachers worked with parents at this free workshop to model and support the development of early literacy strategies that are designed to expose pre-k children to literacy. Throughout the school year several other topics will be covered through FOP with our Parent Link and support specialists.

Dual Credit Planning Underway for High School Students

A number of new opportunities will be emerging for High School students across WCPS as they access some dual credit programs while completing their high school courses. These include, but are not limited to, working with Red Deer College and Campus Alberta Programs. With the recent provincial announcement by the Education Minister on further program grants this will be an exciting experience that leads to many post-secondary opportunities and careers for our students in the years ahead. Learning Services recently met with a committee at RDC to explore some of these opportunities.

Safe and Caring School Review - On Hold

We had three (3) schools conduct the review in October. It was surfaced that there were some technical errors and some items that were to be adjusted from our pilot last year that were not fixed to the degree we expected. Safe and Caring Schools and Communities has halted the reviews to ensure that any glitches have been fixed. They will resume in the new year.

Impact Assessment Reviews - Underway

ILS Team is meeting with every school to review their Impact Assessments. This process is a collaborative process with the ILS Team and School Teams. They review all Impact Assessments to identify if there are any adjustments needed for current identified students and to create new profiles for any new students that have arrived thus far this year. Schedule for <u>Visits</u>

Upcoming Meeting and ILS Events

The following <u>LINK</u> provides an overview of the meeting dates for our Inclusion Coaches, School Social Workers, Cohort groups, and professional development opportunities from Inclusive Learning Services.

Bully - Prevention Week

Bully Awareness and Prevention Week took place during the week of November 13-17, 2017. There were many activities planned for this week. The SSW team opted to remain with the same theme as last year, which was "ERASE Bullying". Here are some of the activities suggestions provided for schools: <u>Bully Awareness and Prevention Week</u> Activities

Information From Alberta Education - Bill 24

We are certain that you have heard about the anticipated passing of <u>Bill 24</u>. We have reviewed the information that the government has provided us and are cross referencing the attached memo with all our existing policies and Admin procedures. Thus far it doesn't look as if there will be any changes to our documents or direction. If something surfaces we will be sure to let everyone know. There are a few important sections that are highlighted in yellow in the linked document that will be discussed at the Admin Meeting on Nov. 15th as they directly pertain to the role of the Principal.

Code of Conduct

School Codes of Conduct are being submitted from all schools to Barb Reaney to review as per legislative requirements. Inclusive Learning Services will contact any schools that need adjustments or revisions to their Codes of Conduct. They will then be posted on each school's website.
